A free mod for Portal owners that's... rather difficult.

The new mechanics work well, but they can be a little confusing at first.

Some of the later puzzles are just brutal though, requiring quite a bit of knowledge about these new mechanics.

I kinda feel a bit more time to learn the systems would have helped.. This is a great turn-based strategy. The heroes and equipment, the spells (global and battle), the diverse units - it all makes for a hell of a lot of fun. If you liked the Heroes of Might & Magic series or turn-based strategy in general then it's well worth a look! (Helps if you like fantasy settings though!). nice & cheap puzzle game

It's a really good game as far as the story goes, the game takes combat to a higher level, but I think they should add a little more attention to detail and more enemies as it gets quite repetitive. I understand that this is port from a console, so I guess it wouldn't work out, but I'm not wrong am I?. i $\forall \forall \forall \forall i g$ suck at rhythm games but if youre good its good

because none of the music actually has rhythm in it. Played it through why is this considered a game its a story and a rather lame story at that.. Very Very good screen capture program! Many of useful feature and smooth recording!. Brilliant game! fun and addictive!!. Balancing needs work.

Found myself in a few missions where enemies were approaching from 3 directions and i had 3 soldier.

One per wall, and then just sit and watch.

Nothing to do, nothing to interact with.. This football game is the best football arcade after legendary Sensible Soccer, Goal, Kickoff. It brings back memories of those games, it's simple, gives a lot of fun, especially when played with a friend.

Developer's dedication in improving the game, fast responses and altering newly added achievements (removing hard and grindy ones) after suggestions (in only 1 day!) is simply awesome.. its a great aircraft

carenado did a 9V10 job making the C172N

has great flying charateristics

. Such a fun game! Easy to just pick up and play a few rounds. Highly recommended!. I love this game, very chill. Only thing is i "finished" it in about 30 hours actively playing. Looking forward to next update.
